👤 PROFILE

Full Stack Web Developer with hands-on experience building web applications and SaaS products from scratch. I work mainly with React, Next.js, Node.js and TypeScript, and have experience with REST APIs, third-party integrations and databases.

💼 PROFESSIONAL EXPERIENCE

Frontend Developer Buzdealz Pvt Ltd

July 2025 – March 2026 | Internship

- Independently built the entire frontend of buzdealz.com 🔗 from the ground up.
- Built reusable React components, managed application state and integrated REST APIs.
- Improved site performance and cut load time by ~30% through targeted optimization techniques.

Full Stack Web Developer Viarsh Technologies

March 2025 – July 2025 | Internship

- Built the complete CRM UI from scratch using React.
- Converted UI designs into responsive React components.
- Integrated REST APIs to fetch and display dynamic data.

Full Stack Web Developer Koshank pvt. ltd.

February 2025 – May 2025 | Internship

- Built an internal invoice generator using React and JavaScript to generate and manage invoices.

🎓 EDUCATION

B.Tech in Computer Science and Engineering
Hi-Tech Institute of Technology
2021 – Present | Sambhajinagar, India

Full Stack Web Development
Internshala Trainings
August 2023 – March 2024

📁 PERSONAL PROJECTS

Grohubz - Instagram DM Automation Tool 🔗

December 2025 – Present

- Built and launched the SaaS independently from scratch. The product has 100+ pages, **150+ users and 100+ daily organic visits**.
- Developed the frontend using **React.js** and **JavaScript**, while building the backend APIs and business logic with **Node.js**.
- Integrated **Meta (Instagram) APIs** to power real-time message handling, trigger processing, and automated workflow execution.
- Implemented technical SEO to improve organic search visibility and drive traffic to the product.

AntiBracket - Shopify Size Recommendation App

August 2026 – September 2026

- Developed as a freelance project for a Germany-based client.
- Built a Shopify app that recommends clothing sizes based on customer body measurements and product sizing data.
- Developed the app using React, TypeScript and Shopify APIs and integrated it with Shopify stores.
